

As a former client, Amanda says she wanted to work for RPI for the same reasons she originally hired us: "Respect, Creativity, and the Quest for Excellence."

RPI Project Manager

Amanda Gibson

rpi@rpic.com

Amanda Gibson is in a unique position because she has sat on both sides of the table. Before joining the team, Amanda brought RPI in to her former employer to implement Smart Reconciliation. "I attended a class taught by Keith (Wayland) and was dazzled by his combination of knowledge, work ethic, and people skills," Amanda explains, "and after working here, I realize everyone shares those characteristics!" She continues, "When you see an All Star team at work, it's only natural to want to be part of it."

RPI is like a Kitchen with a lot of Great Ingredients

At RPI, our Project Managers get the chance to work on a lot of different types of projects spanning diverse industries and multiple products and solutions. That's perfect for Amanda who sees her job as working in a kitchen with many different ingredients ready to be used to create the perfect dish. "Every day is a new challenge and opportunity," she says, "the ability to learn something new, get challenged, and find unique solutions is so exciting." Amanda also says she hopes her clients are as happy with RPI as she was!

Background & Experiences

With multiple degrees in Accounting from The University of Cincinnati, Amanda says she doesn't necessarily have a favorite solution but she does enjoy a good balance sheet and P&L statement. That's probably why she has been able to gain so much experience working across industries ranging from retail to healthcare, and products spanning everything from Lawson to Epic.

Downtime Pursuits

When she's not hard at work solving problems for our clients or out advocating for RPI in Lawson circles, Amanda likes reading, cooking, and spending time with family and friends - especially when that time includes traveling to exciting new places! Amanda says her favorite thing to do outside of work is "Crank up some music and get to the BEACH!"

Character Strengths

Kindness, Humor, Love of Learning, Bravery, & Gratitude.
