

**Family outings range from the symphony
to the zoo, to rugby tournaments.
For Chris, family is the most important!**

RPI Senior Consultant

Christopher Tan

rpi@rpic.com

Chris Tan's family is the most important focus in his life. Spending time with wife, Devra, and kids, Dominic and Genevieve, is his favorite activity. "Even though they're still young, we love taking them to a variety of events," Chris explains. "They are growing so fast. We want them to be exposed to different things throughout their lives."

Variety is the Spice of Life in the Workplace

For Chris, a second important focus in his life is his career as a Senior Consultant for RPI Consultants' Imaging Strategy and Technical Services Team. "I love my work and being able to solve a variety of issues for different companies," he states. "The more complex a problem is, the more satisfying the feeling once I'm able to solve it." Chris provides his customers with knowledge on how to effectively integrate Perceptive Content, primarily in the Healthcare space. He loves that his knowledge helps to improve his clients' lives.

Background and Experiences

Chris earned a Bachelor of Arts in Computer Science from the University of Iowa, with a minor in Business Administration. He later earned a Master of Science in Business Information Technology from DePaul University. He holds many certifications, including Certified Business Architect, Certified Help Desk Manager, Microsoft Certified Desktop Support Technician and Microsoft Certified Professional. He also has experience with third party systems such as Epic, Meditech, and the Corepoint HL7 Integration Engine. Prior to joining RPI Consultants, Chris also worked at Orbitz and Cerner Corporation.

Downtime Pursuits

To relax, Chris enjoys watching baseball (the Cubs are his team) and college football, cheering on his beloved Iowa Hawkeyes. He is also a fan of international rugby. "I've seen teams like the New Zealand and the USA Eagles play at Soldier Field," he says, "but a highlight was watching England and France play at Twickenham Stadium in England."
