

RPI Consultants Sponsors MFG Forum 2018

RPI Consultants is a sponsor for MFG Forum 2018, a conference for manufacturing leaders in Michigan hosted by the Michigan Manufacturer's Association.

Baltimore, Maryland // Thursday, May 3, 2018 // <https://www.rpic.com/> - RPI Consultants (RPI) announced today that it will be a sponsor of the Michigan Manufacturer's Association (MMA) [MFG Forum 2018](#) on Wednesday, May 9th, 2018. The MFG Forum 2018 will help guide industry leaders through issues and opportunities related to emerging technology and innovations in manufacturing, with the goal to "maintain Michigan's manufacturing advantage in the 21st Century."

This will be RPI's first time attending and sponsoring the MFG Forum, but RPI Senior Account Executive Jim Fall says that the company has been active in the Michigan manufacturing community for some time. "I've been actively working with Michigan-based manufacturers for years," Fall says, "MMA is an incredible organization and represents some of our country's biggest manufacturing companies."

The MMA is partnering with the National Center for Manufacturing Sciences to deliver educational content to attendees, who will receive resources and information related to technology and best practices in manufacturing. Through presentations, panel interviews, and networking, the MMA hopes to provide manufacturing leaders with key takeaways that can be implemented right away.

"We look forward to sharing what RPI can do to help streamline back office and administrative processes for manufacturing companies," Fall continues, "we have strategic partnerships with enterprise software providers like [Infor Lawson](#), [Perceptive Content \(ImageNow\)](#), [Kofax](#), and [Hyland](#) and those solutions can help eliminate costly manual data entry and processing across the manufacturing enterprise."

Jim Fall will be available to meet with manufacturing organizations and leaders through the conference, including a dedicated networking event the night before on Tuesday, May 8th. For more information, or to pre-schedule a meeting with Jim, attendees are encouraged to email jfall@rpic.com, or call [\(734\) 604-0577](tel:(734) 604-0577).
